If a student is not contagious she/he shall rest in a sectioned off area of the school room. In this area, he/she will still be under the supervision of counselors, but away from the others, where they can rest until they feel better or until a parent/guardian is notified and the student is picked up.

If the condition of the student worsens, is contagious or requests/requires isolation then she/he will be sent to the infirmary in the lower barn in the office. She/He will be isolated from other students and allowed to rest quietly until parent/guardian picks them up. The infirmary will be clearly noted.

At anytime that the staff deems necessary or at the request of the student, a phone call will be placed to the parent/guardian. A plan will then be established once discussed with the student, staff and parent/guardian.
